SEWING MACHINES.

Patented Feb. 11, 1851; June 22, 1852; Feb. 22, 1853.

GROVER, BAKER & CO.

PATENTEES AND PROPRIETORS,

NEW-YORK : 94 Chambers Street ; BOSTON : Haymarket Square.

These machines make with the same facility straight, curved, and irregular seams in all kinds of cloth and leather of any thickness, and are the ONLY MACHINES which make a fast and fair stitch. Our patents are upon the STITCH ITSELF, as well as upon all practicable modes in which it can be made; and all persons are cautioned against purchasing any machine which makes a FAST AND FAIR STITCH with two needles, as all such infringe directly our patents and will be dealt with accordingly.

Machines of every variety, adapted to all kinds of work with ANY KIND OF THREAD, wholly unlike any others RIGHTLY IN USE; Sewing WITHOUT A SHUTTLE, from stationary spools of any size desired, and forming a new and FAST STITCH, which for beauty and strength is UNEQUALLED. The threads are SECURELY TIED at each stitch, and the seam, unlike that formed by any other machine, will not rip, but remain firm though cut at every third stitch.

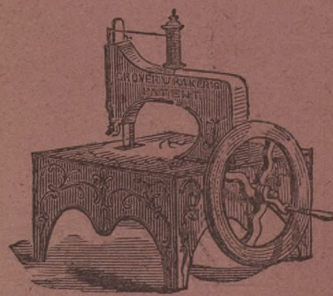

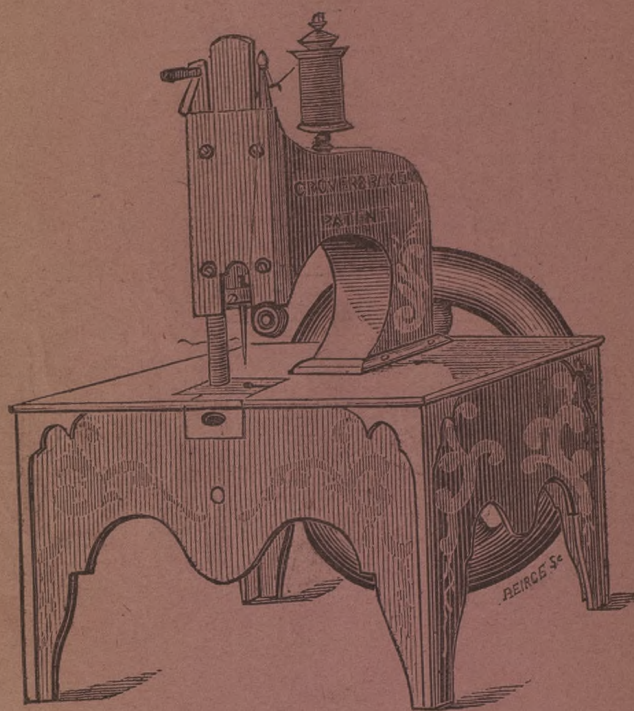

SEWING MACHINES.

GROVER, BAKER & CO.

New-York, 94 Chambers Street.

BOSTON: HAYMARKET SQUARE.

These machines, being of the simplest and most durable construction, are not liable to get out of repair, and can be used with the greatest ease and certainty by any person of common capacity. No shuttle being used, the same machine may be run at pleasure either upon the most delicate, or the thickest fabrics, or upon leather, by simply changing the needle, and can use any kind of thread.

PRICES FOR SINGLE MACHINES
WITH RIGHT TO USE.

Machine	A,	\$150.
"	B,	125.
"	C,	100.
"	D,	80.
"	E,	60.

We manufacture many sizes and kinds of machines adapted to all the wants of the sewing public. Each machine is warranted, threaded for use, and securely boxed for transportation, accompanied with treadle power, needles, and full directions for using. Pamphlets containing testimonials from persons using hundreds of our machines, may be seen at our places of business. All persons are invited to call and examine before purchasing elsewhere.

R. HOE & CO'S
WARRANTED
Cast Steel & Extra Cast Steel Saws,
ETC., ETC.
WAREROOMS, Nos. 29 & 31 GOLD ST.
MANUFACTORY, on cor. of BROOME, SHERIFF & COLUMBIA STS.
NEW-YORK.

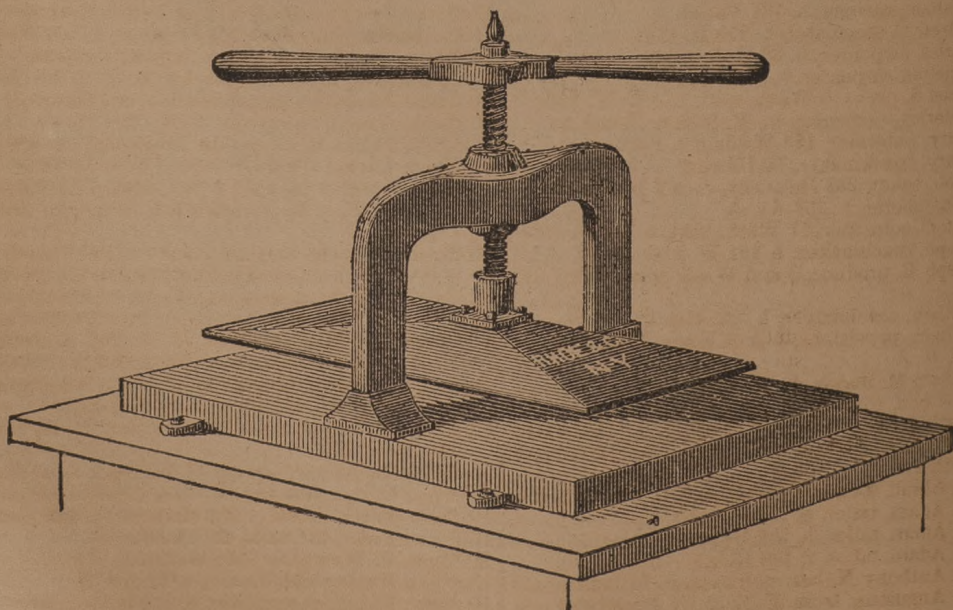

The subscribers are manufacturing, from the BEST CAST STEEL, Saws of all descriptions. They would respectfully call the attention of MANUFACTURERS OF LUMBER, to their PATENT GROUND CIRCULAR SAWS, which are extensively used in the United States for Sawing Lumber. These Saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for the purpose, and are therefore much superior in truth and uniformity of surface, to those ground in the usual manner; they require less set, are less likely to become heated, and produce a saving in timber. To those who have heretofore used our Cast Steel Eagle Mill Saws, we would state that we are enabled, in consequence of new improvements in machinery, to manufacture EXTRA TEMPERED CAST STEEL MILL SAWS, which are superior to any thing heretofore made. To those using Saws in Gangs, these Saws are particularly well adapted.

They also manufacture Extra Cast Steel Cross-Cut and Pit-Saws, and Billet Webs of superior quality. Also, Mandrills for Circular Saws, and Gumming Machines for re-teething Saws.

The Saws manufactured at their Establishment are made from the very best quality of SANDERSON, BRO. & Co's CELEBRATED CAST STEEL, and are far superior, in every respect, to any other in the market. They can be had of the MANUFACTURERS, and of the principal merchants throughout the UNITED STATES and CANADA.

COPYING PRESSES.

R. HOE & CO. manufacture and keep on hand various kinds of *Copying Presses*, of which one is here represented. The impression surfaces are turned perfectly true, so that a uniform and perfect copy may be obtained with ease and expedition. Copying Ink, Copying Paper, and Copying Books, of the best quality. Also, Notarial or Seal Presses.

NEW ENGLAND

Mutual Life Insurance Company,

OF BOSTON, MASS.

CHARTERED IN 1843.

Branch Offices in Metropolitan and Ocean Bank Buildings, 108 Broadway,
and 218 Fulton Street.

THIS Company is one of the oldest and most successful in the country. *It has a guaranty Capital, with a large surplus profitably invested,* and has deposited with the Comptroller the amount of securities required by the recent law of the State of New-York for the protection of the insured. The primary object in the conducting of its business has been to provide perfect security, under all conceivable circumstances, for the payment of losses under its policies, and to return to the insured the surplus; and strict economy is observed.

Every insured person is a member of the Company, and shares in the profits of the business.

The Directors are required to be pecuniarily interested in the Company, and to give it their personal attention; and bonds with sufficient sureties are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law, beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Guaranty Capital, \$100,000.

Net Accumulation, \$600,000,

and increasing for benefit of members, present and future. The whole safely and advantageously invested.

The greatest risk taken on a life, \$10,000.

Surplus distributed among the members every fifth year, from December 1, 1843; settled in cash, or by addition to policy.

Premium may be paid quarterly or semi-annually, when desired, and amounts not too small.

In a policy for the whole life, the insured, being under the age of fifty-seven, may pay annually for five years, in cash, not over one-half, and interest annually on the other half of the premium; if over that age, three-fifths, at least, so to be paid, and interest on the remainder.

Pamphlets, blanks, and all necessary information furnished gratis.

DIRECTORS.

The Highest Premium, the Prize Medal,

Was awarded, at the GREAT EXHIBITION OF THE INDUSTRY OF ALL NATIONS, in London, 1851, to-

M. M. LAWRENCE, FOR THE BEST DAGUERREOTYPES,

M. M. LAWRENCE, Class 10.

THE PRIZE MEDAL OF THE EXHIBITION.

Mr. Lawrence has REMOVED to his New and Splendid Gallery, 381 BROADWAY, cor. of White St., where he will be happy to see his friends and the public generally.

LAWRENCE'S DAGUERREIAN GALLERY,

Is one of the most extensive, elegant, and best arranged in this country, occupying two entire floors of the new and beautiful building, **381 Broadway, corner of White street.** The Reception Room is beautifully frescoed with a quiet tint, and furniture to harmonize, being solid rosewood covered with green plush. The pictures are suspended on panels covered with green cloth. The Operating Rooms have no equal in magnitude or arrangement of light, being similar (yet somewhat improved) to the one used at 203, introduced by Mr. Lawrence four years ago, and now generally adopted throughout this country, and also in Europe, having had (since the World's Fair in London) applications for drawings, &c., to send to Europe and Asia. The improvement consists in arrangements, so to change the LIGHT, (the "*Magic Pencil*,") as to produce any desired effect. The walls have a quiet tint, so that the weakest eyes are not disturbed by any glare of light. As no expense has been spared in fitting up the establishment, so none will be spared to please our patrons, and give them pictures unsurpassed by any other artist.

Having been engaged for more than Ten Years in the Daguerreian Art, the undersigned feels confident that he has no superior. At the World's Contest in London, Mr. Lawrence's Daguerreotypes carried off the PALM, being pronounced the BEST in the Exhibition, and awarded the first premium.

In the "Report of Juries," page 244, they say, "in which for Daguerreotype portraits, America stands prominently forward. America stands *alone* for stern development of character, rejecting, with few exceptions, all accessories, presenting a faithful transcript of the subject, and yielding to none in excellence of execution." Again, on page 277, they say, "Lawrence of New-York has exhibited several daguerreotype portraits, *remarkable* for clear definition and general excellence of execution." Speaking of some of them, they say: "The large ones of James Watson Webb and W. C. Bryant deserve particular commendation, that, notwithstanding their large size, they are throughout perfectly in focus, and beautifully finished in all their details. These are two of the best pictures in the American collection." They also speak of other pictures as remarkable. Since "the Exhibition," Mr. Lawrence has received several flattering letters from different parts of Europe, and has been solicited to open rooms there.

Much attention is given to Copying Daguerreotypes and other Pictures.

SMALL PICTURES

CAN BE ENLARGED TO ANY DESIRED SIZE.

Children of all Ages taken.

**SCHOOL AND FAMILY GROUPS TAKEN—OF
TEN, TWENTY, OR FIFTY PERSONS.**

 PICTURES TAKEN JUST AS WELL IN CLOUDY AS CLEAR WEATHER.

A LARGE COLLECTION OF PORTRAITS

of Prominent Men, can be seen at the Rooms, which are free to all, at all times.

A VISIT IS SOLICITED.

M. M. LAWRENCE.

THE AMERICAN SYSTEM OF EDUCATION.

A New and Valuable Series of School Books,

BY A LITERARY ASSOCIATION.

- I.—The Hand-Book of Anglo-Saxon Root-Words of the English Language,** containing one thousand words with their primary and secondary meanings.
- II.—The Hand-Book of Anglo-Saxon Derivative and Root-Words of the English Language,** in ANGLO-SAXON Orthography, containing five thousand words, with their primary and secondary meanings.
- III.—The Hand-Book of the Gothic, Celtic, French, and Classic words of the English Language,** or English Orthography, containing seven thousand words of this Class, with their primary and secondary meanings.

These three books present the English Language in its natural order of study. The English Language is a mixed or composite one, having at least five lingual elements: the Anglo-Saxon, the Gothic, the Celtic, the French, and the Classic. Hence the true method of studying it, is that of beginning with the Anglo-Saxon, or first lingual element.

This system has met with favor, wherever it has been examined. There is but one opinion concerning its originality, merits, and adaptation to the schools and academies of our country. It is destined to introduce a new era in the study of *our mother tongue*. Although the Second Volume of the series has just been issued, it has been introduced into a number of the First Schools in New-York and the vicinity: among these are Rutgers and Spingler Institutes, New-York, and the Public Schools of Newark, N. J. The whole series will be issued in a few days.

The Illustrated Magazine of Art.

THE four numbers of this Magazine which are published, place it at the head of publications of kind. No expense will be spared to make it in every respect worthy of the name, THE ILLUSTRATED MAGAZINE OF ART. The Engravings which are preparing for the future numbers are in the hands of first-class American and European Artists.

A Series of most interesting Tales will appear in it. "THE SCHOOL OF LIFE," written and illustrated by ANNA MARY, daughter of WILLIAM and MARY HOWITT, will shortly appear; also, "THE DEAD BRIDAL," an historical romance, illustrative of the most interesting period in the history of the Venetian Republic, by JONATHAN FREKE SLINGSBY, of the *Dublin University Magazine*; contribution, from WILLIAM and MARY HOWITT, PERCY B. ST. JOHN, and other writers of distinction in America and Europe.

The following is a brief outline of the plan of the Magazine:

The Historical Department will abound with picturesque representations of the most remarkable events which have occurred in this and other countries; accompanied with interesting anecdotes and details from the pen of the most eminent writers of the day. This department will contain several splendid engravings, designed by the first artists of the world, and engraved in the highest style of modern art.

The Men and Women of the Age. This department will consist of beautifully executed portraits of the leading characters of the age, especially of those who figure on the stage of humanity as the world's benefactors. Each portrait will be accompanied by an interesting biographical sketch.

The Wonders of Natural History, Botany, and other sciences, will be developed in choice Engravings of Beasts, Birds, Fishes, Insects, Forest Trees, Flowers, Geological and Fossil Specimens, &c., with accompanying descriptions.

The Triumphs of Architectural Art will be displayed in exquisitely finished representations of Cathedrals, Churches, Palaces, and other models of ancient and modern Architectural Art.

The Works of the Great Masters, selected from the principal Galleries of Art in the World. In general, the portrait of the Master will be given, accompanied with a highly finished engraved copy of his *chef d'œuvre*.

The Scientific Portions will be rendered highly interesting by the familiar explanations, and the numerous diagrams which will accompany each subject.

I. Manufactures. The principal manufacturing processes in use will be fully explained by minute details, and an abundance of beautiful engravings.

II. Machinery and Inventions will have due attention paid to them, and be described by numerous appropriate engravings.

The Literary Department, independently of the various articles accompanying the illustrations, will comprise original and interesting narratives, contributed by the most popular writers of the day, with numerous illustrations.

In every respect, the "ILLUSTRATED MAGAZINE OF ART" will be decidedly

Superior to any Magazine of the Day.

Each Monthly Part will contain at least *Thirty superb Engravings*, four of which will be sold separately, on superfine Plate Paper.

The greatest care will be manifested in every department of production. The Paper will be the first manufacture, and the Ink supplied from the celebrated Printing Ink Establishment of Messrs. Lawson & Co., of Paris. Six of the monthly portions, when completed, will form a volume which, for interest, originality, value and beauty, will defy competition. It will not only be an interesting family book, but a rich ornament for the drawing-room table, and a pleasant companion in the study.

The parts will appear on the First of every Month, at Twenty-five Cents each.
